

## Miracles

Joy, some days, embraces sadness  
And my life is filled with miracles  
Pain, some days, seems bigger than me  
But my life is filled with miracles

I saw an angel  
I saw a feather  
I know one day  
I'll be a dust in the wind

I saw the love  
I saw it in your eyes  
I know one day I'm gonna die

Joy and pain can dance together  
And my life is filled with miracles  
Rivers flow in every moment  
And my life is filled with miracles

I saw your kindness  
I saw your treasures  
I know one day  
I'll bring them somewhere with me

I saw the extent of my littleness  
I know one day I'll just disappear

Joy, some days, embraces sadness  
And my life is filled with miracles  
Pain, some days, seems bigger than me  
But my life is filled with miracles
